Your tasks:

- Project Management of international Marine Warranty Surveys for Offshore Wind Farms, Oil- & Gas and Project Cargo
- Review of engineering documents and independent verification calculations for marine operations and structural integrity (FEM)
- Structural verifications of marine equipment (FEM)
- Attendance in project meetings
- Supervision of offshore operations partly on-site
- Acting as Field Engineer for marine operations
- Load out coordination and lifting supervision
- Technical support of Con4Mare's Marine Warranty Surveyors
- Continuous improvement of processes

Your profile:

- Successfully completed studies in Engineering (Shipbuilding, Naval Architecture, Marine Engineering, Mechanical Engineering, Civil Engineering or related Engineering Degree)
- Professional experience in a comparable job environment
- High flexibility to travel (national & international) and dedication to go offshore
- Fitness for going offshore
- Valid offshore certificates are beneficial
- Knowledge of marine environment, shipping and related rules, guidelines and standards preferable
- Affinity to maritime environment
- FEM / structural engineering skills
- Analytical skills
- Fluent English skills in word and writing
- German language skills are beneficial
- Sovereign and service-oriented approach towards clients
- Structured and independent way of working
- Team spirit and strong communication skills

Your benefits:

- Diverse and exciting tasks with a healthy mixture of office and on-site work
- An international work environment with highly motivated specialists
- Open communication in flat hierarchies
- Considerable personal responsibility
- Strong support for professional training and personal skill enhancement
- We offer flexible working hours and the possibility of mobile working
- Office located directly at the Alster lake with a fantastic lake and Hamburg City view, constant supply of fresh fruits and drinks, company bicycles for errands and changing rooms as well as shower and locker for a midday Alster run or demanding bike commute.

We are looking forward to receive your detailed application in English language including your salary expectation and your earliest possible starting date. Please apply by email to i.roshop@con4mare.com.
